

Bellevue Schools Foundation supporters are investing **\$1 million** this year in programs that transform education and support students. Here are some of the ways these investments support kids at **Eastgate Elementary School**:

- **Science-Technology-Engineering-Art-Mathematics (STEAM):** This is year five of a multi-year, **\$1 million** investment to innovate the 20-year-old elementary STEAM curriculum, provide professional development for classroom teachers, engage families in STEAM learning, and support after-school robotics and coding activities for students.
- **K-12 Computer Science Initiative:** Bellevue's K-12 computer science initiative is one of the first-in-the-nation integrated K-12 computer science/computational thinking curricula. At the elementary school level, we are training teachers and piloting computer science lessons in language arts, math, science, social studies, and special education to develop interest and ability for students underrepresented in secondary and college computer science classes, like girls, and develop students' critical thinking skills. To date, Bellevue Schools Foundation donors have invested **\$400,000** in this cutting-edge initiative.
- **National Board Certification:** Eastgate teachers received support for their National Board Certification. National studies show that the quality of a child's teacher makes the biggest difference in the quality of their education. **32% of Eastgate teachers have achieved National Board Certification.** Students benefit from their teacher's expertise and love of learning in Eastgate classrooms every day. The Foundation has invested over **\$950,000** to help the Bellevue School District lead Washington State in total National Board Certified teachers.
- **Early Learning:** Bellevue Schools Foundation donors are providing tuition assistance to preschool-age children experiencing homelessness so they can enroll in district Early Learning Centers. State funding falls short of needs for early learning in our community. Young children experiencing homelessness need high-quality early learning in a nurturing full-day program. Not only do young children benefit from the evidence-based curriculum and access to social services, their families benefit too. The Foundation provided needed support for Bellevue children after the loss of Head Start funding. Donors have provided nearly **\$300,000** to help our neediest early learners.
- **Volunteers in Bellevue's Education System (VIBES) Mentoring Program:** Donors have invested over **\$1.65 million** in VIBES mentoring to support students in academic and personal growth. Last year, VIBES mentors guided over 4,500 students in Bellevue's public schools.

(Read more about Eastgate Arts, Enrichment & Innovation Grants on the next page)

Visit the Bellevue Schools Foundation website, www.BellevueSchoolsFoundation.org, to learn more about educational programs at the elementary, middle, and high school level.

- Arts, Enrichment & Innovation (AE&I) and Music Grants:** Teachers can apply for grants to fund music, field trips, and more. Bellevue Schools Foundation donors have provided over **\$2.25 million** in these school enrichment grants over multiple years including many grant awards to **Eastgate teachers** for art, field trips, author visits, and more. See the table for this year's grants.

2017-18 AE&I Grants	Teacher	Award
Pacific Marine Research—Stewardship of Puget Sound	Doug Faulkner	\$750
Young Authors Day Conference	Nancy Foster	\$250
Visit to Duwamish Longhouse	Alex Rea	\$600
Our Revolution—Story of a black family's experience during the colonial conflict with Britain	Patty Shelton *Shared Grant	\$1,700
Island of Hope—An Immigrant Family's Risky Journey to America	Patty Shelton *Shared Grant	\$1,700
Klondike: The Last Adventure	Patty Shelton *Shared Grant	\$1,700
Become your own Hero with Dan Gemeinhart (award-winning author)	Keith Onstot *Shared Grant	\$9,500
A visit with author Oliver Chin to take a magical journey through Asian culture, history, and cuisine	Charlene Lee *Shared Grant	\$5,500
